GuardMagic Products and Solutions

GuardMagic company offer products for:

- vehicle "Off-Line" GPS and fuel monitoring;
- vehicle GPS-GSM/GPRS and fuel monitoring;
- road fuel tanker GPS-GSM/GPRS monitoring;
- refrigerator truck monitoring;
- fuel level sensors;
- fuel storage GSM/GPRS monitoring;
- refueling station GSM/GPRS monitoring;
- power transformer monitoring;
- diesel generator monitoring;
- refrigerator monitoring.

MAIN PRODUCTS FOR:

Vehicle "Off-Line" GPS and Fuel Monitoring:

- Vehicle modules: GuardMagic mTF serie
  (3 types of modules with different functionality);
- Monitoring software: SmartTracer;
- Fuel level sensors: GuardMagic DLLS.

Vehicle GPS/GSM-GPRS and Fuel Monitoring:

- Vehicle modules: GuardMagic VB series
  (5 types of modules with different functionality);
- Vehicle WEB monitoring service: PowerTrace;
- Monitoring Software: VehicleStation; FleetStation;
- Fuel level sensors: GuardMagic DLLS.

Road Fuel Tanker Monitoring:

- Vehicle modules: GuardMagic VB5;
- Vehicle WEB monitoring service: PowerTrace;
- Monitoring Software: VehicleStation; FleetStation;
- Fuel level sensors: GuardMagic DLLS, DLLE.

Refrigerator Truck Monitoring:

- Vehicle modules: GuardMagic VB4;
- Vehicle WEB monitoring service: PowerTrace;
- Monitoring Software: VehicleStation; FleetStation;
- Temperature sensors: GuardMagic DTS;
- Fuel level sensors: GuardMagic DLLS.

Fuel Storage and Fuel Station Monitoring:

- Modules: GuardMagic FSM series;
- Fuel level sensors: GuardMagic DLLS, DLLE.
- WEB monitoring service: FidTrace.

Diesel Generator Monitoring:

- Modules: GuardMagic FSM series;
- Fuel level sensors: GuardMagic DLLS.
- WEB monitoring service: FidTrace.

Vehicle GPS & Fuel Monitoring
Fuel Storage Monitoring

GuardMagic mTF

Vehicle Off-line GPS and fuel monitoring module.
-Multi tank support;
-Standard USB flash drive connect.

GuardMagic VB

Vehicle GPS-GPRS and fuel monitoring module.
- Monitoring: vehicles, fuel, temperature, drivers, external sensors;
-Multi tanks support.

GuardMagic FSM

Stationary objects monitoring module.
- Monitoring: fuel, temperature, external sensors;
-Multi tanks support.

GuardMagic DLLS

Fuel level sensor with digital communication interface EIA-485 for standard and heavy application;
-sensor serial connection
